

Faisal Tariq

Senior Frontend Developer

+971545168626 faisaltariq183@gmail.com https://faisal-dev.vercel.app
github.com/BinarySenseiii linkedin.com/in/faisal-tariq1

Experienced self-taught developer with over **4+ years** crafting advanced SaaS products and B2B solutions, specializing in transforming imaginative designs into robust, scalable web solutions that set new standards.

SKILLS

Languages (JavaScript (ES6+), TypeScript, SQL (Postgres), HTML/CSS)

Technologies & Libraries (React, Next.js, Node.js, Tailwind CSS, Material-UI, Three.js, GraphQL (Apollo, Relay), Prisma, Jest, Cypress, Redux / Redux Toolkit, Socket.io, Stripe Payments, Passport.js, Framer Motion, Formik / React Hook Form)

Developer Tools (Git / Github Actions, Google Cloud Platform, Docker / Kubernetes, ESLint / Prettier, Trello)

Additional Skills (Microservices Architecture, Agile Methodologies (Scrum, Kanban), Code Review & Mentoring)

WORK EXPERIENCE

React/Web3 Developer, CollosalBit

Mar 2022 – May 2024 | Dubai, Onsite

- Delivered new features with high-quality code under tight deadlines, consistently meeting project milestones.
- Developed cutting-edge 3D components using Three.js and WebGL, highly interactive and immersive user experiences
- Optimized app performance by streamlining API calls with a caching system, achieving a 15% reduction in load times
- Improved client-side script efficiency by 25% with advanced debugging tools, resulting in faster applications
- Rewrote HTML to meet industry and company standards for SEO and Accessibility. This drove a 600% increase in users by appearing on the first page of Google search results

Frontend Developer, Al-muqsit cyber solutions

Jan 2020 – Oct 2022 | Pakistan, Remote

- Developed 6 interactive front-end applications using the React and Typescript, enhancing consumer experience by 40%
- Pioneered a mobile-first approach, resulting in a 25% increase in user engagement on mobile devices.
- Utilized Redux for state management, reducing code complexity and increasing team productivity.
- Tested, debugged, and shipped 10s of 1000s of lines of code to multiple teams. This lead to 100% bug-free deployment.

PROJECTS

ChainGPT, Next.js | Web3 | Ethers.js | Chakra-UI | React Query | Recharts

Apr 2023 – Dec 2023

- Implemented smart contracts for secure NFT minting, trading, and ownership transfer
- Utilized secure MetaMask integration for seamless wallet interactions across various blockchain networks,
- Implemented automated testing suite to ensure smart contract reliability and platform stability
- Designed scalable microservices with Docker/Kubernetes for efficient distributed deployment.

Live URL: <https://app.chaingpt.org/>

Luma, Next.js | React Native | Stripe | CSS-in-JS solution | APIs

2023 – present

- User authentication integrated with JWT tokens and cookies for enhanced security and precise user access control
- Established a robust payment system supporting multiple options to facilitate secure transactions
- Integrated Sentry Real-time error tracking for proactive issue resolution, ensuring a seamless user experience.
- Utilized React code-splitting to optimize performance by reducing client-side script load, for complex components

Live URL: <https://lu.ma/>

Mint Kuto, Next.js | Typescript | Artificial intelligence | Web3

2013

- integrated Web3 functionalities using Ethereum smart contracts to enable seamless minting, trading, and ownership management of AI-generated NFTs
- Implemented IPFS for decentralized storage of AI-generated and human-authored content, ensuring data integrity.
- Collaborated with backend developers to integrate GraphQL APIs for efficient data fetching and real-time updates

SIDE PROJECTS

ReelRiot, <https://github.com/BinarySenseiii/ReelRiot>

PodPortal, <https://github.com/BinarySenseiii/podcast>

Decentralized Exchange, <https://github.com/BinarySenseiii/decentralized-exchange>

EDUCATION

Intermediate in computer science, <i>Leading College</i>	2017
Bootcamp Web Development, <i>Cisco Networking Academy</i>	2018
Typescript Bootcamp (2 months duration), <i>TotalTypescript.com</i>	2022

CERTIFICATES

3D Graphics on the Web with Three.js, <i>LinkedIn Learning</i>	2022
Git & GitHub Professional Course, <i>Github</i>	2024
Expert Front End Developer path, <i>devChallenges.io</i>	2021
